#### 2012 SUMMER INTERNSHIP SAFETY STATISTICS

#### OBJECTIVES:

Takeda's internship program blends real world experience with an extensive overview of the pharmaceutical industry. Knowledgeable mentors will provide guidance as you gain professional hands-on experience. The summer internship program is 12 weeks in length and offers a unique perspective into a world-class pharmaceutical company. Compensation is competitive, and financed temporary housing is available to those who qualify. Our internship program also provides you the opportunity to network with people at Takeda through various planned events and activities.

#### ACCOUNTABILITIES:

- Review journal articles on selected research topics and summarize key ideas
- Run simulations, perform and summarize statistical analyses, and present to team members

#### Qualifications

**EDUCATION, EXPERIENCE, KNOWLEDGE, AND SKILLS**

- Enrolled in a U.S. accredited university
- Graduate student in statistics or mathematical statistics, preferably a PhD student
- Should be at an advanced stage of his/her studies
- Should have taken advanced courses in probability and mathematical statistics and other statistics courses
- Should be familiar with S-Plus (and/or R) and SAS
