The Department of Biostatistics at Brown University School of Public Health is seeking exceptional candidates with demonstrated commitment to statistical education and research for a newly-created faculty position on the Teaching Scholar track. This appointment will be made at the level of Assistant or Associate Professor on a renewable term basis. In addition to classroom teaching and student mentoring, the new faculty member will be expected to develop and lead initiatives related to educational program building, and to maintain an active program of research in statistical and interdisciplinary research.

Candidates for Associate Professor should have a distinguished and nationally recognized record of teaching, mentoring, and program development, and a strong record of accomplishment in statistical and interdisciplinary research. Experience in multidisciplinary educational programs is preferred. Candidates for Assistant Professor should have a record of excellence in classroom teaching, demonstrated potential as educators and mentors, and a growing record of statistical and interdisciplinary research.

The new faculty member will join a highly interdisciplinary Biostatistics Department with a faculty of thirteen and growing educational programs at all levels. This position represents an outstanding opportunity for individuals with a commitment to excellence, innovation, and originality in statistical education, combined with the desire to engage in cutting-edge research on statistical methods and their application in health sciences.

Interested applicants should apply online at http://apply.interfolio.com/27850. Please upload the following: letter of application, a description of current and planned research, and updated curriculum vitae. In addition, applicants should arrange for at least three letters of recommendation to be uploaded to the online application. Application questions should be addressed to Denise Arver, Administrator, Department of Biostatistics, at darver@stat.brown.edu.

Application review will start on 10 January 2015. Applications received by this date will receive full consideration. Applications received after the priority deadline may be reviewed until the position is filled or the search is closed. Brown University is an equal opportunity (EEO/AA) employer and is committed to increasing the diversity of its faculty. It welcomes nominations and applications from minorities, women, and individuals with varied experiences, perspectives and backgrounds, which would enrich the university’s research, teaching and service missions.
