

DEPARTMENT OF INFORMATION, OPERATIONS & MANAGEMENT SCIENCES

TENURE-TRACK FACULTY POSITION IN STATISTICS

The **Statistics Group** in the Department of Information, Operations & Management Sciences at the Stern School of Business, New York University, invites applications for a tenure-track position at the assistant professor level starting in the 2011-2012 academic year.

Statistics is a multidisciplinary program at the Stern School. Appropriate candidates will have evidence of boundary-spanning interests across fields that reflect significant interfaces of Statistics with areas of relevance in a Business School, such as Data Mining, Marketing, Economics, Finance, and Operations. The Statistics Group includes 8 full-time Statistics faculty members and a number of faculty affiliates, and has diverse interests and expertise, including Actuarial Science, Categorical Data, Computationally Intensive Methodology, Econometrics, Statistical Mapping, Stochastic Processes, Survey Sampling, and Time Series Analysis.

A candidate should have a Ph.D. or be assured of its completion within one year, and is expected to be a productive researcher and effective teacher at both the undergraduate and graduate levels. Experience in classroom teaching is highly desirable. Candidates with significant experience in teaching may also be considered for a one-year contract appointment as visiting faculty at the assistant professor level.

Please submit all application materials by **December 15, 2010**, to assure full consideration.

Please go to <http://newapplicant.stern.nyu.edu/applicant/login.asp>, NYU's faculty application system, to apply. For questions, please send e-mail to ioms@stern.nyu.edu.
