

**FACULTY POSITIONS**  
**Department of Statistics**  
**The Ohio State University**

The Department of Statistics at The Ohio State University ([www.stat.osu.edu](http://www.stat.osu.edu)) is seeking to fill two tenure-track Assistant Professor positions beginning Autumn Semester 2012. A Ph.D. in statistics or biostatistics, and demonstrated excellence in research and teaching are required. Candidates should have an interest in both methodological research and collaborative science. One of the positions is targeted to a researcher interested in applications in biomedical science. Many opportunities for interaction with biological and medical scientists exist on campus, including through the NSF-funded Mathematical Biosciences Institute. The second position is targeted to a researcher focusing on statistical theory and application. Applicants should have an outstanding research record. A commitment to excellence in teaching at both the undergraduate and graduate levels is essential.

Applicants should apply electronically by sending Vitae, three letters of reference, and graduate transcripts to:

[facultysearch2012@stat.osu.edu](mailto:facultysearch2012@stat.osu.edu)

To ensure full consideration, complete applications should be received by December 5<sup>th</sup>, 2011. This position requires successful completion of a background check.

To build a diverse workforce Ohio State encourages applications from minorities, veterans, women, and individuals with disabilities. Flexible work options available. EEO/AA Employer. Ohio State is an NSF Advance Institution.
