

October 7, 2009

Dear Colleague:

I would appreciate it very much if you could bring the enclosed notice regarding a Bioinformatics faculty position in the Department of Statistics at Purdue University to the attention of prospective Ph.D.'s and others. If you know of any strong and promising candidates who might be interested, please call me or have the candidate(s) call (765)494-5167 or email me at mbock@stat.purdue.edu.

Should you have a list of new or recent Ph.D.'s of your department who are available for a position, I would appreciate receiving a copy.

Thank you in advance for your assistance and cooperation.

Sincerely,

Mary Ellen Bock
Professor and Head

September 2009

The Department of Statistics, Purdue University invites applications for a tenure-track position beginning August 2010 at the Assistant Professor level in the area of statistical bioinformatics. This hire will join an exciting and established group in statistical bioinformatics.

The Department of Statistics offers a stimulating and nurturing academic environment. More than 35 tenured and tenure-track faculty members direct research programs in a broad range of areas complementary to statistical bioinformatics. Further information about the department is available at

<http://www.stat.purdue.edu>

All applicants should hold a Ph.D. in Statistics or a related field, be committed to excellence in teaching, and have demonstrated strong potential for excellence in research. Salary and benefits are highly competitive. For all positions in Statistics, please visit

<http://www.stat.purdue.edu/hiring/>

to apply.

Review of applications will begin on December 1, 2009, and will continue until the position is filled. Purdue University is an Equal Opportunity/Equal Access/Affirmative Action employer fully committed to achieving a diverse workforce.
