

Research Associate Position

A Research Associate position is available in the Department of Epidemiology and Public Health, Yale University School of Medicine. This position is supported by a research network funded by the National Institute of Child Health and Human Development (NICHD). The scope of this position includes data management, statistical analysis, regulatory compliance and protocol development. The successful candidate will join a large national network in reproductive health research. The candidate should have a Masters degree in biostatistics, epidemiology, or a related field or a bachelor degree with relevant experience. Excellent communication is required. Interested applicants should send their curriculum vitae and at least two reference letters to: Dr. Heping Zhang, Department of Epidemiology and Public Health, Yale University School of Medicine, 60 College Street, New Haven, CT 06520-8034. Email: Heping.Zhang@yale.edu.

The University is committed to basing judgments concerning the admission, education, and employment of individuals upon their qualifications and abilities and affirmatively seeks to attract to its faculty, staff, and student body qualified persons of diverse backgrounds. In accordance with this policy and as delineated by federal and Connecticut law, Yale does not discriminate in admissions, educational programs, or employment against any individual on account of that individual's sex, race, color, religion, age, disability, status as a special disabled veteran, veteran of the Vietnam era or other covered veteran, or national or ethnic origin; nor does Yale discriminate on the basis of sexual orientation or gender identity or expression.
