CALL FOR APPLICATIONS CANSSI DISTINGUISHED POSTDOCTORAL FELLOWSHIPS

For recent PhDs in actuarial science, biostatistics, data science, or statistics

NOW OPEN: Apply by January 16, 2026

The Canadian Statistical Sciences Institute (CANSSI) invites recent PhDs in actuarial science, biostatistics, data science, and statistics to apply for a CANSSI Distinguished Postdoctoral Fellowship (CDPF). These fellowships offer a multi-faceted training experience, based at selected Canadian universities, that includes:

- CDN\$70,000+ per year for 2 years
- A statistics-centred research project (24 projects to choose from)
- An interdisciplinary or applied collaboration
- Opportunities for teaching
- Professional development

The aim of the program is to prepare participants for a variety of statistics-based careers.

CDPF applicants are also considered for the CANSSI-StatLab and CANSTAT-CANSSI Distinguished Postdoctoral Fellowships.

Application Requirements

- Recent PhD degree in actuarial science, biostatistics, data science, or statistics with thesis successfully defended before September 30, 2026

How to Apply
