## Department of Statistics

### Tenure-Track Faculty Position Starting Fall 2019

The Department of Statistics at Colorado State University invites applications for a tenure track faculty position, starting Fall 2019. A Ph.D. in statistics or a related field, a commitment to high-quality and innovative research and excellence in teaching are required. Outstanding candidates in all areas of statistics and probability are strongly encouraged to apply. The position is at the Assistant Professor level.

The department currently comprises 16 faculty and over 50 graduate students, and has a network of faculty affiliates at nearby research agencies (National Center for Atmospheric Research, National Institute of Standards and Technology, and Centers for Disease Control and Prevention, among others). Our faculty members have a wide range of expertise and are involved in various interdisciplinary graduate training and research activities. Internal and external consulting activities of the department are supported through the Graybill Statistical Laboratory. Further information about the department and position is available on our webpage <http://www.stat.colostate.edu/>

Fort Collins, the home of Colorado State University, is located one hour north of Denver, in a beautiful location along the Front Range of the Rocky Mountains. Fort Collins is an appealing city that offers a pleasant climate with abundant recreational and cultural opportunities nearby. You'll find award winning schools, a globally-focused university, thriving arts scene, eclectic shops and restaurants, hundreds of miles of walking and biking paths, and a plethora of outdoor activities.

An application includes a cover letter, complete CV, graduate transcripts, three letters of reference, statement of research interests (at most two pages) and statement of teaching philosophy (at most two pages). Application materials can be uploaded at <http://jobs.colostate.edu/postings/60466>. Complete application instructions are available at that site.

Applications completed by **November 16, 2018** will receive full consideration, but applications will be accepted after this date until the position is filled. Applications of semifinalist candidates, including letters of reference, will be made available for review by the entire faculty of the Department of Statistics. The statistics department is also recruiting for a two other faculty positions: <http://cns.natsci.colostate.edu/employment/StatsBio>, <http://cns.natsci.colostate.edu/employment/Data>

Colorado State University is committed to providing an environment that is free from discrimination and harassment based on race, age, creed, color, religion, national origin or ancestry, sex, gender, disability, veteran status, genetic information, sexual orientation, gender identity or expression, or pregnancy, and will not discharge or in any other manner discriminate against employees or applicants because they have inquired about, discussed, or disclosed their own pay or the pay of another employee or applicant. Colorado State University is an equal opportunity/equal access/affirmative action employer fully committed to achieving a diverse workforce and complies with all Federal and Colorado State laws, regulations, and executive orders regarding non-discrimination and affirmative action.
