

# MAKE A GROUNDBREAKING DISCOVERY: YOU CAN CHANGE LIVES AS PART OF OUR POSTDOC RESEARCH PROGRAM.

As a global health leader in prescription medicines, vaccines, and animal health products, Merck has channeled the power of invention to transform lives for more than 125 years. Fostering a culture of applied curiosity and empowerment, we use our minds to take on the world's most challenging health issues with intellectual prowess. Here is your chance to do the same:

## THE MERCK POSTDOCTORAL RESEARCH FELLOW PROGRAM AT MERCK RESEARCH LABORATORIES (MRL)

The world's finest minds are welcome to participate in this unique program, taking place within state-of-the-industry Merck Research Laboratories (MRL) locations in San Francisco, California, Boston, Massachusetts, New Jersey and Pennsylvania.

Be a force for transformative innovation with Merck. In addition to an opportunity to enhance lives, we offer the competitive salary and benefits you would expect of an industry leader.
