

The Department of Statistical Science at Duke University is inviting applications for a Postdoctoral Assistant Research Professor, to begin in Fall 2024. The ideal applicant has strong skills in teaching introductory statistical science courses for undergraduate students. Responsibilities include teaching four courses per year, although other arrangements are possible. Applicants must have completed their Ph.D. in Statistics, Biostatistics, Data Science, or a closely related field prior to the date of appointment.

Applicants should upload their CV, a brief statement of their teaching experience, and contact information only for at least three references to AcademicJobsOnline.org (<https://academicjobsonline.org/ajo/jobs/24686>). All applications received by April 3, 2024 will be fully considered, and the position will remain open until filled. The appointment will be for a one year contract with potential for up to two years renewal.

Duke University is an Affirmative Action/Equal Opportunity Employer committed to providing employment opportunity without regard to an individual's age, color, disability, gender, gender expression, gender identity, genetic information, national origin, race, religion, sex, sexual orientation, or veteran status.

Duke aspires to create a community built on collaboration, innovation, creativity, and belonging. Our collective success depends on the robust exchange of ideas-an exchange that is best when the rich diversity of our perspectives, backgrounds, and experiences flourishes. To achieve this exchange, it is essential that all members of the community feel secure and welcome, that the contributions of all individuals are respected, and that all voices are heard. All members of our community have a responsibility to uphold these values.
