Announcement

Assistant Professor of Statistics

The Department of Mathematical Sciences in the Fulbright College of Arts and Sciences at the University of Arkansas, invites applications for a tenure-track assistant professor in statistics to begin August 15, 2022. This is a standard nine-month faculty appointment.

The position is open to candidates with research interests in Statistics, Probability, Biostatistics, Data Science, or Machine Learning. Preference will be given to candidates whose skills support established areas of the department, but all qualified candidates will be considered.

The University of Arkansas has an established and growing interdisciplinary MS program in Statistics and Analytics and has created an Institute for Advanced Data Analytics. The University has recently launched an interdisciplinary BS in Data Science. Faculty hires are intended to support the new program, as well as research in the broad area of data science underway across the University. The successful candidate will be expected to teach graduate and undergraduate courses, have a promising research and publication agenda, and a commitment to university service.

The application package should include a cover letter, curriculum vitae, a publication list, and brief descriptions of research agenda and teaching philosophy. Applicants should also arrange for four letters of recommendation, at least one of which must address the applicant's teaching experiences and capabilities.

Completed applications received by November 8, 2021 will be assured full consideration. Late applications will be reviewed as necessary to fill the position. All application materials should be submitted online, and additional details and instructions are available at https://uasys.wd5.myworkdayjobs.com/en-US/UASYS/job/Assistant-Professor-of-Statistics_R0006481.

For additional inquiries, please contact the search committee chair, Andy Raich at araich@uark.edu.

This position requires a national criminal background and registered sex offender check.

The University of Arkansas is an Affirmative Action/EOE institution committed to achieving diversity in its faculty and staff. We encourage applications from all qualified candidates, especially individuals who contribute to diversity of our campus community. The university welcomes applications without regard to race/color, sex, gender, pregnancy, age, national origin, disability, religion, marital or parental status, protected veteran or military status, genetic information, sexual orientation, gender identity or any other characteristic protected under applicable federal or state law. Persons must have proof of legal authority to work in the United States on the first day of employment. All applicant information is subject to public disclosure under the Arkansas Freedom of Information Act.
