

The Department of Mathematics and Statistics at Elon University seeks applicants for a Lecturer position in mathematics and statistics to begin mid-August 2020. The successful candidate should have at least a Master's degree in statistics, statistics education, mathematics, or mathematics education.

Teaching will include courses in statistics, mathematics, and Elon's Core Curriculum. Candidates who have experience working with a diverse range of people, and who can contribute to the climate of inclusivity are encouraged to identify their experiences in their cover letter. Applicants must demonstrate the potential for excellence in teaching in a liberal arts setting and a commitment to professional development and service. For more information about the department and its' curriculum, visit the department's website:
