

## **Assistant Professor Positions in Biostatistics and Statistics Department of Statistics at Florida State University Fall 2023**

The Department of Statistics at Florida State University invites applications for three Assistant Professor positions starting in August 2023. All three positions are tenure-track appointments in the Department of Statistics and provide opportunity for engagement with the large undergraduate program and vibrant M.S. and Ph.D. programs in Statistics and Biostatistics. There are two positions in Biostatistics and one in Statistics that seek candidates whose research foci will enhance the research and graduate programs in biostatistics and, respectively, statistics. The successful candidates will join faculty with research expertise including machine learning, high dimensional data, network analyses, survival and longitudinal analysis, shape/object data analysis, causality and data privacy, to name a few (see [stat.fsu.edu](http://stat.fsu.edu)) in a collaborative environment at a comprehensive University. A Doctoral degree from an accredited institution in Statistics, Biostatistics, or a related field with a demonstrated record of achievement in teaching and academic research is required. To apply for the Assistant Professor of Biostatistics positions, please apply at <http://jobs.fsu.edu> (Job ID 53039). To apply for the Assistant Professor of Statistics position, please apply at <http://jobs.fsu.edu> (Job ID 53063). The deadline is 02/01/2023. Three letters of recommendation are required. FSU is an Equal Opportunity/Access/Affirmative Action/Pro Disabled & Veteran Employer. FSU's Equal Opportunity Statement can be viewed at: <https://tinyurl.com/ahanbe5f>
