Overview

Berkeley Research Group provides independent advice, data analysis, authoritative studies, expert testimony, investigations, and regulatory and dispute consulting to Fortune 500 corporations, financial institutions, government agencies, major law firms, and regulatory bodies around the world. BRG experts provide sophisticated economic, financial, and analytical advice across a wide range of disciplines including antitrust and competition policy, complex damages, finance, healthcare, intellectual property, restructuring, valuation, and workforce issues. In addition, the firm assists clients in major industry sectors with compliance, business process improvement and strategy consulting.

The Intern position is a temporary position as a member of our consulting staff. This position will include working as an entry level staff member during the Fall Semester. The Intern will work in the Tallahassee office which works primarily in the labor and employment practice area. The position requires a highly motivated problem solver with above average analytical ability. The work of an Intern can be either qualitative or quantitative in nature, and projects can range from industry and subject matter research to data collection.

Headquartered in Emeryville, California, BRG currently has over 40 offices across the United States and internationally. This position offers advancement opportunities within a rapidly growing expert services and consulting firm.

Job Responsibilities

- Demonstrate creativity and learn to efficiently use relevant software tools, analytical methods and computer models to develop solutions
- Gain experience developing and maintaining electronic databases, spreadsheets and other files as dictated by project needs
- Audit own work product and work product of others to assure quality
- Organize case documents; create and maintain hard copy and electronic libraries for documents and retrieve documents from libraries as necessary
- Participate in a positive team environment and work hard to meet client deadlines and quality expectations
- Demonstrate strong verbal and written communication skills

**Qualifications**

- Progression towards a Master’s degree
- Strong academic record
- Proven capability with MS Excel and statistical analysis programs (e.g. SAS, SPSS, Stata, R). A desire to expand those capabilities is required

Candidate must be able to submit verification of his/her legal right to work in the United States, without company sponsorship.

BRG is an Equal Employment Opportunity/Affirmative Action Employer. All qualified candidates will receive consideration for employment without regard to race, color, religion, sex, gender identity, sexual orientation, national origin, disability, or protected veteran status.
