

Dear Colleagues,

On behalf of the Harvard Department of Statistics, I am pleased to announce that we are seeking [applications for a tenure-track professor appointment](#) in statistics. The appointment is expected to begin on July 1, 2025. I would appreciate if you could distribute the announcement below within your institution and to everyone you know who may be interested.

Applicants should also note that their applications must be submitted no later than December 1, 2024.

Sincerely,

Samuel Kou (sent on behalf of Chair Kou by Administrative Coordinator Emily Palmer)

Samuel Kou

**Harvard Department of Statistics, Tenure-Track Professor Description:**

The Harvard Department of Statistics seeks to appoint a tenure-track professor in Statistics. The appointment is expected to begin on July 1, 2025. The tenure-track professor will be responsible for teaching at the undergraduate and graduate levels. We seek strong candidates in any field of statistics and probability as well as in any interdisciplinary areas where innovative and principled use of statistics and/or probability is of vital importance.

**Basic Qualifications:** A doctorate or terminal degree in statistics or a related discipline is required by the time the appointment begins.

**Additional Qualifications:** Statistics celebrates the multiple dimensions of diversity that each member of our community offers, including diversity of background, perspective, and lived experience. We strongly welcome applications from persons from underrepresented groups.

Special Instructions: Please submit the following materials through the ARIeS portal (<https://academicpositions.harvard.edu/postings/13744> ). **Applications must be submitted no later than December 1, 2024.**

1. Cover letter
2. Curriculum Vitae
3. Teaching/advising statement (describing your philosophy and practices as well as your approach to creating a learning environment in which students are encouraged to ask questions and share their ideas)
4. Research statement
5. Service Statement (describing your efforts to strengthen academic communities, e.g., your department, institution, and/or professional societies.)
6. Representative publications, if applicable
7. Names and contact information of 3 to 5 references who will be asked by a system-generated email to upload a letter of recommendation once a candidate's application has been submitted. Three letters of recommendation are required, and the application is considered complete only when at least 3 letters have been received. At least one letter must come from someone who has not served as the candidate's undergraduate, graduate, or postdoctoral advisor.

The health of our community is a priority for Harvard University. With that in mind, we strongly encourage all employees to be up-to-date on CDC-recommended vaccines.

Harvard is an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, sex, gender identity, sexual orientation, religion, creed, national origin, ancestry, age, protected veteran status, disability, genetic information, military service, pregnancy and pregnancy-related conditions, or other protected status.
