

## Southern University of Science and Technology, Department of Statistics and Data Science

**Position Title:** Assistant Professor, Associate Professor, Full Professor and Chair Professor

**Position Type:** Tenured/Tenure-track faculty

**Position Location:** Shenzhen, Guangdong 518055, China

**Subject Areas:** Statistics, Data Science, Probability

**Application Deadline:** (posted 2020/7/01, listed until 2021/06/30)

**Position Description:**

The newly established Department of Statistics and Data Science invites applications and nominations for all ranks of tenured and tenure-track positions (Assistant Professor, Associate Professor, Full Professor and Chair Professor) in all areas of statistics and data science, with a start date of August 2020 or after. Candidates should have demonstrated excellence in research and a strong commitment to teaching. A doctoral degree is required at the time of appointment. Candidates for senior positions must have an established strong record of research and leadership in their research areas. The language of instruction can be either Chinese or English. Salary and start-up fund for long-term appointment are highly competitive and will be commensurate with experience and qualifications. Regular faculty members (tenured and on tenure track) will be provided with housing subsidies. To apply, please send curriculum vitae, a research statement and a

teaching statement to [stat-dshire@sustech.edu.cn](mailto:stat-dshire@sustech.edu.cn). Candidates should also arrange for at least three letters of recommendation sent directly to [stat-dshire@sustech.edu.cn](mailto:stat-dshire@sustech.edu.cn). Applications will be accepted until the positions are filled. Applicants will be considered for interviews as soon as all application materials are received.

**About the University and the City:** Established in 2012, the Southern University of Science and Technology (SUSTech) is a public institution funded by the municipal government of Shenzhen, a special economic zone in China. Shenzhen, a major city located in Southern China and situated immediately north of Hong Kong, is the high-tech and manufacturing hub of China. A picturesque coastal city, Shenzhen is also a popular tourist destination and was named one of the world's 31 must-see tourist destinations in 2010 by The New York Times.

The Southern University of Science and Technology is a pioneer in higher education reform in China. The mission of the University is to become a globally recognized institution, emphasizing academic excellence and promoting innovation, creativity and entrepreneurship. Set on five hundred acres of wooded landscape in the picturesque South Mountain area, the new campus offers an ideal environment for learning and research. The University currently has over 800 faculty members in 7 colleges and 25 schools: College of Science, College of Engineering, College of Life and Health Science, School of Humanity and Social Sciences, School of Innovation and Entrepreneurship, School of Medicine and School of Business. The university is growing at an impressive pace. On June 3, 2020, Times Higher Education (THE) has ranked SUSTech 33rd, up eight places from 41st from 2019, and moving up to 8th from 10th in mainland China, in its Asia University Rankings 2020.

The Department of Statistics and Data Science currently has 9 tenure-track and tenured faculty members. The total number of faculty members is expected to increase substantially in coming years. The department offers B.Sc., M.Sc. and Ph.D. programs in Statistics and is in the process of developing degree programs in Data Science.
