

Statistics Lecturer Position in the Department of Mathematics at the University of Dayton

The Department of Mathematics at the University of Dayton seeks applicants for a full-time, annually renewable, benefits-eligible lecturer specializing in statistics. Position begins August 16, 2019. The typical teaching load is four courses per semester, mainly in the undergraduate statistics curriculum. He or she might also be assigned to teach mathematics courses, as needed.

Required qualifications: MS in statistics, or mathematics with emphasis in statistics, anticipated by July 1, 2019. Applicants must have effective written communication skills and the potential to become an effective teacher.

Application Process

For a complete list of qualifications, and to submit your application, please go to

<http://jobs.udayton.edu/postings/27530>

A complete application consists of a cover letter, CV, three letters of recommendation, an unofficial graduate school transcript and a list of courses the applicant has taught that explains the nature of each course, as well as the level of responsibility for the syllabus, exams, grading policy etc. At least two of the three recommendation letters must focus on teaching ability.

Applicants who do not have the master's degree at the time of application must submit a statement from their degree-granting department indicating the anticipated timeline for completion of the degree currently sought. The application deadline is January 7, 2019.
