

The Department of Mathematics, Computer Science, and Statistics at St. Lawrence University invites applications for a visiting position in either mathematics or statistics to begin August 2019. This position is potentially renewable for an additional year, based upon success in the first year. Candidates should be able to teach courses in either the mathematics or statistics curriculum regularly offered by our department. While not required, opportunities could be available for teaching courses in both disciplines. Teaching load is three courses per semester. The university offers visiting faculty members some support for conference travel.

Minimum Qualifications

Ph.D. preferred, ABD may be considered, in the mathematical sciences (including mathematics, statistics, or a related field), a strong commitment to teaching undergraduates, and potential for excellence in teaching.

1. Applicants should submit a letter of application, current CV, teaching statement, and a brief research statement via <https://www.mathjobs.org/jobs>. Applicants should also have three letters of recommendation submitted via <https://www.mathjobs.org/jobs>. At least one letter of recommendation should address your potential as a teacher.
2. Applicants must also complete a short St. Lawrence University online application form at <http://employment.stlawu.edu> and upload current CV.

For full consideration, applications should be received by December 15th, 2018. Applications submitted after this date will continue to be reviewed if needed.

Please direct any questions pertaining to this position to Dr. Maegan Bos at mbos@stlawu.edu or Dr. Jessica Chapman at jchapman@stlawu.edu.

All offers of employment are contingent upon the finalist successfully passing a background (including criminal records) check.

Located at 23 Romoda Drive, Canton, NY, St. Lawrence University is a coeducational, private, independent liberal arts institution of about 2,400 students from more than 40 states and 40 nations. The educational opportunities at St. Lawrence inspire students and prepare them to be critical and creative thinkers, to find a compass for their lives and careers, and to pursue knowledge and understanding for the benefit of themselves, humanity and the planet. Through its focus on active engagement with ideas in and beyond the classroom, a St. Lawrence education leads students to make connections that transform lives and communities, from the local to the global.

The University is committed to and seeks diversity among its faculty, staff and students. Such a commitment ensures an atmosphere that is diverse and complex in ways that are intellectually and socially enriching for the entire campus community. Applications by members of all underrepresented groups, as well as from individuals with experience teaching or working in a multicultural environment, are encouraged. St. Lawrence University is an Equal Opportunity Employer.
