

Assistant Professor in Applied Statistics Tenure Track

Department of Economics, Applied Statistics, and International Business
College of Business
New Mexico State University
Las Cruces, New Mexico

Position Summary: A successful candidate will be expected to provide innovative and excellent instruction, advise graduate students, conduct and publish research (collaboratively or individually), and participate in typical university, college, and departmental activities. The Applied Statistics Program offers an M.S. degree in Applied Statistics and a variety of service courses at the undergraduate and graduate levels. There are many opportunities to collaborate and publish with university faculty in other fields. Further information about the Applied Statistics Master's Program can be found at <http://business.nmsu.edu/academics/graduate-programs/ms-astat/>. Departmental information is available at <http://business.nmsu.edu/departments/economics/>.

Required Qualifications: An earned doctorate in statistics or a closely related field before the start date is required. Willingness to occasionally participate in online and distance education as needed.

Preferred Qualifications: Experience in teaching applied statistics and collaborating on applied research projects is highly desired. We are particularly interested in applicants who can complement and enhance existing faculty expertise in experimental design, business analytics, actuarial statistics, time series, spatial statistics, and multivariate applications. Strong candidates in other areas of statistics may also be considered. Salary is competitive and commensurate with qualifications and experience. Women and minorities are encouraged to apply.

Apply online at <https://jobs.nmsu.edu/postings/30319>.

Closing Date: 10/01/2018

Department Contact: Charlotte Gard, Associate Professor in Applied Statistics, cgard@nmsu.edu.

New Mexico State University is a comprehensive land-grant institution of higher learning accredited by the Higher Learning Commission of the North Central Association of Colleges and Universities. An active research university, NMSU anchors the southern end of New Mexico's Rio Grande Research Corridor, exceeding \$90 million in research and public service expenditures. NMSU is classified as a Hispanic-serving institution by the federal government with a total minority enrollment over 48%. NMSU is the home of the state's NASA Space Grant Program. NMSU is located in Las Cruces, which features desert mesas, the farmlands of the Mesilla Valley, and a vibrant downtown. Nearby are the recently created Organ Mountain-Desert Peaks National Monument, and the Prehistoric Trackways National Monument. Within easy driving distance is the White Sands National Monument. The University is committed to building a culturally diverse educational environment.
