

Position Announcement
New Mexico State University
College of Business
Position 199542

Rank: Tenure-track Assistant Professor 9-month position in Applied Statistics beginning in August 19, 2019.

Responsibilities: A successful candidate will be expected to provide innovative and excellent instruction, advise graduate students, conduct and publish research (collaboratively or individually), and participate in typical university, college, and departmental activities. The Applied Statistics Program offers an M.S. degree in Applied Statistics and a variety of service courses at the undergraduate and graduate levels. There are many opportunities to collaborate and publish with university faculty in other fields. Further information about the Applied Statistics Master's Program can be found at <http://business.nmsu.edu/academics/graduate-programs/ms-astat/>. Departmental information is available at <http://business.nmsu.edu/departments/economics/>.

Qualifications: An earned doctorate in statistics, biostatistics, or mathematics with a specialization in statistics before the start date is required. Experience in teaching applied statistics and collaborating on applied research projects is highly desired. We are particularly interested in applicants who can apply traditional methods of statistical inference to business, engineering, and the biological and agricultural sciences. Salary is competitive and commensurate with qualifications and experience. Women and minorities are encouraged to apply.

Benefits: Group, medical and hospital insurance, dental insurance, group life insurance, employee retirement program, worker's compensation, unemployment compensation.

Application: Candidates should provide a cover letter explaining their interest in the position, a statement on teaching experience (approximately 300 words), a statement on research interests (approximately 300 words), curriculum vita, unofficial transcripts, evidence of teaching effectiveness if available, and a list of 3 references who may be contacted. Submit materials electronically as Word or PDF files to:
