Title: Tenure Track Open Rank, Mathematical Sciences – Bentley University

Summary:
The Department of Mathematical Sciences at Bentley University—an independent, private business-oriented university located in suburban Boston—invites applications for a tenure-track position beginning Fall 2022. We seek candidates with research strengths in computational statistics, data science, machine learning, or optimization, but are open to candidates with other research interests that align with the department’s overall scholarly mission. Candidates with the ability and willingness to teach courses in data science and/or computational statistics are particularly encouraged to apply.

The Mathematical Sciences Department offers thriving undergraduate programs in mathematical sciences, actuarial sciences, and data analytics. We also offer an MS in Business Analytics, and are active in the PhD program in Business, both in teaching and in doctoral student supervision. We value collaboration with faculty in other departments and have a particularly strong record of leadership in such activities. Candidates are encouraged to learn more about our department by visiting http://www.bentley.edu/mathematics/.

Our department is extremely collegial and enjoys an impressive level of diversity among our full-time faculty, which includes an almost equal representation of male and female faculty who originate from 10 countries. We welcome applications from all backgrounds, in particular, those from historically underrepresented groups in the mathematical sciences.

Minimum Qualifications:
Applicants must hold a Ph.D. in Mathematics, Statistics, or a closely related discipline. Criteria for selection include (a) evidence of excellent teaching ability, (b) high quality research skills and experience, and (c) ability to build research connections with a variety of colleagues.

Special Instructions to Applicants:
Applicants should include a cover letter, current curriculum vita, research statement, and teaching statement. Applicants should submit a diversity statement with a description of how they would contribute to the development of an equitable and inclusive community in the department through their teaching, research, and service. Names and contact information for three references (at least one of which should address teaching) are also required upon application. Bentley will contact such references confidentially for candidates moving forward in the process. Candidates should indicate how their research and teaching interests and expertise could integrate with the department’s mission. The review of applications will begin immediately and continue until the position is filled.

Please contact the chair of the search committee, Nathan Carter, ncarter@bentley.edu, if you have queries or need further information.

Application Instructions: To apply, please submit an online application directly to: https://bentley.wd1.myworkdayjobs.com/en-US/faculty/job/Bentley-Campus/Tenure-Track-Open-Rank--Mathematical-Sciences_R0002410

Bentley University requires references checks and may conduct other pre-employment screening.

DIVERSITY STATEMENT
Bentley University strives to create a campus community that welcomes the exchange of ideas, and fosters a culture that values differences and views them as a strength in our community.

Bentley University is an Equal Opportunity Employer, building strength through diversity. The University is committed to building a community of talented students, faculty and staff who reflect the diversity of global business. We strongly encourage applications from persons from underrepresented groups, individuals with disabilities, covered veterans and those with diverse experiences and backgrounds.
