

STA 1013: Statistics Through Example

Fall 2021 – Section 0004

Course Information

Instructor: Xinyu Zhou

Email: xz19c@my.fsu.edu

Office Hours: Monday, 3:00 pm - 5:00 pm (On-site or by Zoom) or by appointment

Office Location: OSB 436B

Class Times and Locations: MWF, 12:00 pm – 12:50 pm, TUL B001 or by Zoom

Students will need to follow the University's current health and safety guidelines.

I will not be using Honorlock and my advice is that you shouldn't either.

Required Course Resources

Textbook: A textbook is not required for this class. The instructor will provide all required course notes and exercises.

Additional Resources: The following free online textbook is an additional resource that you might find useful:

Introductory Statistics from OpenStax, Print ISBN 1938168208, Digital ISBN 1947172050,

[https://urldefense.com/v3/http://www.openstax.org/details/introductory-statistics-!!Epnw-ITfSMW4!6KLo9t7AMj-rHArYZD87MYntXaeJZe4QdyiWTBvMaQVR5cjMI4frmZnFnQDP_YizyoI\\$.](https://urldefense.com/v3/http://www.openstax.org/details/introductory-statistics-!!Epnw-ITfSMW4!6KLo9t7AMj-rHArYZD87MYntXaeJZe4QdyiWTBvMaQVR5cjMI4frmZnFnQDP_YizyoI$.)

Calculator: A TI-84 Plus or equivalent calculator. We will teach you how to use a TI-84 series calculator, but we cannot promise to be able to help with any other type of calculator.

Canvas Class Website: Grades, notes, announcements and other pertinent information will be available through this site. You are responsible for assignments and announcements posted on this website, as well as those sent through your FSU email. Please check your FSU email and Canvas daily. (<https://canvas.fsu.edu>)

Computer: A personal computer, reliable internet connection, and Chrome or Firefox browser.

Course Description

Prerequisite: None

Credit Hours: 3

This course provides students with a background in applied statistical reasoning. Fundamental topics are covered including graphical and numerical description of data, understanding randomness, central tendency, correlation versus causation, line of best fit, estimation of proportions, and statistical testing.

Statistical thinking, relevant ideas, themes, and concepts are emphasized over mathematical calculation. In this class students learn many of the elementary principles that underlie collecting data, organizing it, summarizing it, and drawing conclusions from it.

Course Objectives:

This course has been approved to meet FSU's Liberal Studies Quantitative and Logical Thinking requirements and is designed to help you become a critical analyst of quantitative and logical claims. In order to fulfill the State of Florida's College mathematics and computation requirement the student must earn a "C-" or better in the course.

By the end of the course, students will demonstrate the ability to:

- 1) Select and apply appropriate methods (i.e., mathematical, statistical, logical, and/or computational models or principles) to solve real-world problems.
- 2) Use a variety of forms to represent problems and their solutions.
- 3) Apply sound concepts of sample selection and experimental design in producing data.
- 4) Use statistical thinking in the context of work processes, academic endeavors, and everyday life.
- 5) Describe how inferential statistical methods are used to make valid judgments based on the data.
- 6) Evaluate the validity of statistical results with skepticism based on sensible considerations.

Tentative Topics:

1. Terminology/Initial Ideas: statistical study process, population, sample, parameter, statistic, categorical, quantitative
2. Sampling: simple random sampling, systematic sampling, stratified sampling, cluster sampling, convenience sampling
3. Graphs: histograms (sketch and interpret), stemplots (sketch and interpret), bar charts (sketch and interpret), pie charts (interpret)
4. Summary Statistics: mode, mean, quartiles, range, standard deviation, five-number summary, boxplot
5. Empirical Rule
6. Normal Distributions: forward problems (finding area under the curve/percentage of data)
7. Central Limit Theorem: sampling distributions of \bar{x} , features of the distributions and implications when using a larger/smaller sample to estimate μ , forward problems (finding probabilities)
8. Probability: random processes, four rules, probability models, addition rule for mutually exclusive events
9. Random Variables: definition, expected value
10. One-sample mean: obtain and interpret z-intervals, carry out and interpret results of z-test, interpret P-value
11. One-proportion: z-intervals and z-tests
12. Correlation: what the sign and absolute value of r imply, correlation does not imply cause-and-effect
13. Simple Linear Regression: read scatterplots, given equation make prediction, interpret R-squared

Tentative Pacing Schedule:

		Monday	Wednesday	Friday
Week 1	Aug 23 ~ Aug 27	Introduction to the class	Topic 1&2	Topic 3
Week 2	Aug 30 ~ Sep 3	Topic 3	Topic 4	Topic 4
Week 3	Sep 6 ~ Sep 10	No class Labor Day	Review for Quiz 1	Quiz 1
Week 4	Sep 13 ~ Sep 17	Topic 5	Topic 5	Topic 6
Week 5	Sep 20 ~ Sep 24	Topic 6	Topic 7	Topic 7
Week 6	Sep 27 ~ Oct 1	Topic 7	Topic 7	Review for Quiz 2
Week 7	Oct 4 ~ Oct 8	Quiz 2	Topic 8	Topic 8
Week 8	Oct 11 ~ Oct 15	LSQA Test	Topic 8	Topic 8
Week 9	Oct 18 ~ Oct 22	Topic 9	Topic 9	Topic 9
Week 10	Oct 25 ~ Oct 29	Review for Quiz 3	Quiz 3	Topic 10
Week 11	Nov 1 ~ Nov 5	Topic 10	Topic 10	Topic 11
Week 12	Nov 8 ~ Nov 12	Topic 11	Topic 11	Review for Quiz 4

Week 13	Nov 15 ~ Nov 19	Quiz 4	Topic 12	Topic 12
Week 14	Nov 22 ~ Nov 26	Topic 13	No class Thanksgiving Day Holiday	
Week 15	Nov 29 ~ Dec 3	Topic 13	Final review	Q&A for final

Note that this is only a plan for the course. The real schedule may be changed according to the actual situation.

Liberal Studies for the 21st Century: Quantitative and Logical Claims

The Liberal Studies for the 21st Century Program at Florida State University builds an educational foundation that will enable FSU graduates to thrive both intellectually and materially and to support themselves, their families and their commitments through a broad and critical engagement with the world in which they live and work. This course has been approved as meeting the Liberal Studies requirements and this is designed to help you become a critical analyzer of quantitative and logical claims. **In order to fulfill the state of Florida’s College mathematics and computational requirement, the student must earn a C- or better in the course.**

Grades

Quizzes (50%): There will be 4 quizzes during the semester, which add up to 50% of the final grade. The quizzes are equally weighted (i.e., 12.5% for each of the 4 quizzes). Each quiz may contain some extra credits for you to work on. You could bring **one 8.5” x11” (A4) hand-written double-side** cheat sheet and a **calculator** to the quizzes.

LSQA (15%): Note that, STA 1013 has been certified as one of FSU’s Liberal Studies Quantitative and Logical Thinking courses. As a requirement, administer the appropriate Liberal Studies Quantitative Assessment (LSQA) during the semester. This will be a common assessment (not final exam). Time length will be about 50 mins (one lecture time).

Final Exam (35%): There will be a **cumulative** final exam given at **10:00 – 12:00 noon Dec 7 (TUL B001 or online)**. At the final exam, you could also bring **three 8.5” X 11” (A4) hand-written double-side** cheat sheet and a **calculator**.

Attendance (0%): There is **no** attendance requirement for this semester.

Grades will be posted on Canvas. The quiz / exam papers may **not** be given back to students, but I will go over the quiz / exam questions in the following lecture and post the questions and answers on Canvas. When a grade is posted, you have **one week** to request a grade change. If you have any concern about your score, please let me know as soon as possible. After this one-week period, no grade changes will be made.

Assessments that are not taken, and assignments that are not submitted, will receive a grade of zero. When a missed assessment/assignment is made up, the zero will be replaced with the earned grade.

The grading scale for the course is as follows:

		B+	87-89	C+	77-79	D+	67-69		
A	93-100	B	83-86	C	73-76	D	63-66	F	0-59
A-	90-92	B-	80-82	C-	70-72	D-	60-62		

The overall grade will be calculated by the way described above and may be subject to a curve (this will only make your grade unchanged or higher). Do not look into the ‘Total’ row shown on Canvas / Grades and get worried. That one is computed in a wrong way and unfortunately cannot be fixed.

Policy Information:

Make-up Policy:

- If you have missed a quiz and want to make up, you need to contact me within **TWO** calendar days after the quiz day or inform me in advance, and provide university approved documentation, which includes: documented illness, deaths in the family and other documented crises as approved by the Dean of Students office, active military or jury duty, and official University activities. Please note that the FSU University Health Services 'Verification of Visit' does not constitute a documented absence. Unexcused absence from a quiz will result in a zero. The make-up quiz will be given within one week of the original quiz date. I will discuss the detail time and location with you after receiving the documentation.
- If you have missed an attendance check and do not want it to be count as one missing class, same as the policy for the quizzes, you can contact me within **TWO** calendar days after the day that you missed the class or inform me in advance, and provide university approved documentation.
- If you are going to miss the final exam, you must notify me and Radha Bose (rbose@fsu.edu) in advance at the same time.
- If you are going to miss a quiz or an attendance check due to religious holiday, please send me an email informing me the details of the holiday with your name in the end via your FSU email account within **TWO** calendar days after the day you missed or in advance. No other documentation will be required. Otherwise no make-up quiz or attendance will be given.
- All the make ups should be done before the final exam week.

Classroom Conduct: You are expected to act professionally in the classroom. You should arrive on time and prepared for the class. If you do arrive late or have to leave early, please do so in a manner that does not disturb the others. No food is allowed and please stay seated during the lecture. If you have any emergency, please raise your hand to let me know first. Discussion is allowed but please keep your voice level low so that others will not be disturbed.

Email and Communication: I will send announcements to your FSU email account (@my.fsu.edu) or on Canvas. You are responsible for all information sent via email or put on Canvas website, so check your FSU email account and Canvas website frequently (at least one time a day). Please turn on the course notifications in Canvas by going to Account/Notifications and checking the Notify me right away option for all the items under Course Activities. When emailing me regarding this class, please put STA1013-0004 in the subject line, sign your full name in the end and use your FSU email account. **Emails not from FSU email account will not be replied.** I will respond to all email within two business days, which do not include weekends, holidays or weekdays after 7 pm. Asking me early, do not expect me to save you in the last minute!

University Attendance Policy:

Excused absences include documented illness, deaths in the family and other documented crises, call to active military duty or jury duty, religious holy days, and official University activities. These absences will be accommodated in a way that does not arbitrarily penalize students who have a valid excuse. Consideration will also be given to students whose dependent children experience serious illness.

Academic Honor Policy:

The Florida State University Academic Honor Policy outlines the University's expectations for the integrity of students' academic work, the procedures for resolving alleged violations of those expectations, and the rights and responsibilities of students and faculty members throughout the process. Students are responsible for reading the Academic Honor Policy and for living up to their pledge to "...be honest and truthful and...[to] strive for personal and institutional integrity at Florida State University." (Florida State University Academic Honor Policy, found at <http://fda.fsu.edu/academic-resources/academic-integrity-and-grievances/academic-honor-policy.>)

Americans With Disabilities Act:

Florida State University (FSU) values diversity and inclusion; we are committed to a climate of mutual respect and full participation. Our goal is to create learning environments that are usable, equitable, inclusive, and welcoming. FSU is committed to providing reasonable accommodations for all persons with disabilities in a manner that is consistent with academic standards of the course while empowering the student to meet integral requirements of the course.

To receive academic accommodations, a student:

- (1) must register with and provide documentation to the Office of Accessibility Services (OAS);
- (2) must provide a letter from OAS to the instructor indicating the need for accommodation and what type; and,
- (3) should communicate with the instructor, as needed, to discuss recommended accommodations. A request for a meeting may be initiated by the student or the instructor.

Please note that instructors are not allowed to provide classroom accommodations to a student until appropriate verification from the Office of Accessibility Services has been provided.

This syllabus and other class materials are available in alternative format upon request.

For more information about services available to FSU students with disabilities, contact the

Office of Accessibility Services
874 Traditions Way
108 Student Services Building
Florida State University
Tallahassee, FL 32306-4167

Confidential Campus Resources

Various centers and programs are available to assist students with navigating stressors that might impact academic success. These include the following:

Victim Advocate Program
University Center A, Rm. 4100
(850) 644-7161
Available 24/7/365
Office Hours: M-F 8-5
<https://dsst.fsu.edu/vap>

Counseling and Psychological Services
Askew Student Life Center, 2nd floor
942 Learning Way
(850) 644-8255
<https://counseling.fsu.edu/>

University Health Services
Health and Wellness Center
(850) 644-6230
<https://uhs.fsu.edu/>

Syllabus Change Policy

Except for changes that substantially affect implementation of the evaluation (grading) statement, this syllabus is a guide for the course and is subject to change with advance notice.

Sexual Misconduct and Title IX Reporting

As an instructor, I am obliged to report all instances of sexual misconduct that I become aware of to the University's Title IX Director; I cannot hold such information confidential. If you would like to discuss your situation in confidence, you may contact the Victim Advocate Program (<https://dos.fsu.edu/vap/>), Counseling & Psychological Services (<https://counseling.fsu.edu/>), the Employee Assistance Program (<https://eap.fsu.edu/>), University Health Services (<https://uhs.fsu.edu/>), or pastoral counselors.

Final Exam Rescheduling Policy

You may not take the final exam before final exams week. Individual students who need to reschedule the final exam for a different time during final exams week will need to

- (i) talk to me about it first and get my permission to reschedule,
- (ii) fill out the "Request to Reschedule Final Examination" form

at https://artsandsciences.fsu.edu/sites/g/files/upcbnu321/files/2020-09/Request_to_Reschedule_revised.pdf and get it approved by the Dean of Arts and Sciences office, and

- (iii) let me have the approved form by the last day of classes.

If you experience a documented emergency that prevents you from observing the above deadline, contact me as soon as you are able to, and we'll take it from there.
