

Assistant Professor of Statistics. The University of South Carolina Sumter is seeking a full-time, tenure track Assistant Professor to teach Statistics to begin August 2019. An earned doctorate in Statistics at time of appointment is expected, but a doctorate in Mathematics with at least 18 graduate hours in Statistics will also qualify or ABD will be considered for the rank of Instructor. The ideal candidate would be qualified to teach both Statistics and Mathematics, thus at least 18 graduate hours in each field is preferred.

The successful candidate will have experience teaching lower level statistics classes, such as Introduction to Statistical Reasoning and Elementary Statistics. Effective communication skills and a willingness to work with diverse populations are expected.

A strong commitment to undergraduate teaching and the ability to maintain a healthy level of professional activity in scholarship and service are required. The teaching load is twelve credit hours per semester, primarily of freshmen or sophomore courses, with the opportunity for release time for scholarship. Student advising and participation on campus committees are expected. USC Sumter is part of USC's Palmetto College (<http://www.sc.edu/palmettocollege/>), which involves offering some four-year degrees through multiple forms of course delivery and learning, such as two-way video delivery (videoconferencing) and online learning using the Blackboard course management system. Qualified candidates should demonstrate a commitment to traditional learning environments, as well as the potential for distance and online.

Review of credentials will begin November 1, 2018 and will continue until the position is filled. The University of South Carolina requires individuals to apply online for all job vacancies. You may access the USC Jobs Online Employment site at <https://uscjobs.sc.edu>. As part of the online process, an application letter (which should include philosophy of teaching and professional goals and interests), vita, copies of all undergraduate and graduate transcripts, and summaries of teaching evaluations or other evidence of excellence in teaching must be attached to the online application form. Three current letters of recommendation are required and can be attached to the online application. If you have any questions about the application procedures, please contact Dr. Rebecca Hillman, Division of Science, Mathematics, and Engineering, at (803)938-3885 or hillmanr@uscsu.com. Foreign nationals should indicate current US immigration status. USC Sumter is an AA/EOE. USC Sumter, 200 Miller Road, Sumter SC 29150-2498.
