

FACULTY POSITIONS

in the Mathematical and Physical Science Division

The School of Arts and Sciences at Ahmedabad University is inviting application for faculty positions in the 'Mathematical and Physical Sciences division' specialising in Theoretical Physics in the areas of Condensed Matter Physics and Astronomy are especially encouraged to apply. The School has five divisions: Biological and Life Sciences, Humanities and Languages, Mathematical and Physical Sciences, Performing and Visual Arts, and Social Sciences, all of which work in a collaborative and interdisciplinary way. This is an exciting opportunity to join a fast-growing school in India in a dynamic new private university with a public ethos.

Responsibilities

Appointees will be expected to engage in high-level research, to publish in their specialist field, to teach, guide and examine undergraduates, including in interdisciplinary courses, to seek opportunities to win external funding for their research, and to supervise and examine both Masters and Doctoral work. They must have an existing record of excellence and potential, commensurate with their appointment level and stage of career. They will be expected to provide evidence of excellence as demonstrated by publications in leading academic journals or a research project at an international level, an emerging record of scholarly accomplishments, presentations at significant conferences and examples of original forms of knowledge production. The University provides generous start up grants, seed grants and a Faculty Development Allowance to support faculty research.

Required and preferred Qualifications

Applicants must already have a doctorate and a postdoctoral fellowship from institutions with international recognition.

How to Apply:

Applicants are requested at this stage to submit:

- a letter stating their interest in a position at the University and outlining briefly their qualifications for it;
- an up-to-date CV detailing their training, jobs held, university teaching experience, publications, and details of three referees;
- three representative articles or other publications as an example of their scholarship; and
- a concise statement of their future research and teaching interests (maximum length, 1000 words).

Applications and enquiries should be made to the Office of the Dean of the School of Arts and Sciences, using the email address artsandsciences@ahduni.edu.in. Please quote the reference SAS/MPS/001 and mark your application 'Mathematical and Physical Sciences'.

Benefits

The University provides a generous salary package and other benefits including a seed grant for faculty research projects and an annual Faculty Development Allowance.

About the University

Ahmedabad University supports innovative, project-based education, and asserts the centrality of both the arts and the sciences in a broad, fulfilling education. We welcome applications from scholars with strong communication skills who can contribute to imaginative learning, and have a willingness to work imaginatively and collaboratively as part of a community of emerging scholars. All faculty at the University are expected to engage in both teaching and research, and we operate a six-year tenure track. Ahmedabad University is committed to diversity, and welcomes applications from qualified persons from underrepresented groups regardless of ethnicity, gender, religion or similar status.
