Position Announcement
New Mexico State University
College of Business

Responsibilities: A successful candidate will be expected to provide innovative and excellent instruction, advise graduate students, collaborate with other university faculty members on a variety of projects, conduct and publish research (collaboratively or individually), and participate in typical university, college, and departmental activities. The Applied Statistics Program offers an M.S. degree in Applied Statistics with an emphasis on training consulting statisticians and offers a variety of service courses at the undergraduate and graduate levels. Further information about the Applied Statistics Master’s Program can be found at http://business.nmsu.edu/academics/graduate-programs/ms-astat/. Departmental information is available at http://business.nmsu.edu/departments/economics/.

Qualifications: An earned doctorate in statistics or a closely related field is required. Experience in teaching applied statistics and collaborating on applied research projects is highly desired. We are particularly interested in applicants who can complement and enhance existing faculty expertise in experimental design, business analytics, actuarial statistics, time series, spatial statistics, and multivariate applications. Strong candidates in other areas of statistics may also be considered. Salary is competitive and commensurate with qualifications and experience. Women and minorities are especially encouraged to apply.

Benefits: Group, medical and hospital insurance, dental insurance, group life insurance, employee retirement program, worker’s compensation, unemployment compensation.

Application: Candidates for Assistant/Professor should provide a letter of interest, curriculum vita, unofficial transcripts, a statement on teaching and research ability/interests, evidence of teaching effectiveness/evaluations, and list 3 references who may be contacted. Submit materials electronically on the People Admin system at https://jobs.nmsu.edu/postings/31797

Offer of employment is contingent upon verification of individual’s eligibility for employment in the United States. For full consideration applications must be received by October 1, 2018. Applications received after this date may be considered.

“All offers of employment, oral and written, are contingent on the university’s verification of credentials and other information required by federal law, state law, and NMSU policies/procedures, and may include the completion of a criminal history check.”

New Mexico State University is an Equal Opportunity, Affirmative Action Employer
