

Faculty Position in Data Science (Statistics)
Department of Mathematics and Statistics, Auburn University

The Department of Mathematics and Statistics at Auburn University is seeking a qualified individual for a tenure-track position at the level of assistant professor in Data Science (including Big Data, Machine Learning, Computational Statistics, Topological Data Analysis, or related areas). This is a nine-month position and the desired starting date is August 16, 2018. A Ph.D. or equivalent degree in Statistics or a closely related field is required at the time of appointment. Postdoctoral research experience with an interdisciplinary research component and strong computing skills are desirable.

The successful candidate will be expected to: (1) develop her/his independent research program in Data Science, (2) interact with and contribute to interdisciplinary research at Auburn University, (3) advise and mentor students, and (4) have a strong commitment to high quality teaching.

Interested candidates should submit a letter of interest, curriculum vitae, official transcripts, a teaching statement, a research statement, and names and contact information of three professional references.

To apply for this position and view full details, please visit our website at <https://aufacultypositions.peopleadmin.com/postings/2533>.

Review of applications will begin on December 1, 2017 and will continue until the position is filled.

The candidate selected for this position must be able to meet eligibility requirements for work in the United States at the time the appointment is scheduled to begin and continue working legally for the proposed term of employment. The candidate must possess excellent written and interpersonal communication skills.

Auburn University is an EEOV/Vet/Disability Employer
