

## **Mathematics, Computer Science, and Statistics Data Science - Assistant Professor**

St. Lawrence University invites applications for a new tenure-track position in Data Science within the Department of Mathematics, Computer Science, and Statistics, at the assistant professor level to begin in August 2018. Our department currently has fourteen full-time faculty members and supports majors in all three areas and is developing a new major in Data Science. We are one of the top schools in the country in percent of students majoring in the mathematical sciences. The ideal candidate will contribute to our statistics and computer science offerings as well as help us develop courses in data science. The teaching load is three courses per semester and the university offers generous support for conference travel as well as an option for a pre-tenure sabbatical.

Qualifications include a Ph.D. in Data Science, Computer Science, Statistics or a related field, a strong commitment to teaching undergraduates in a liberal arts setting, and evidence of excellence in teaching and research potential.

To apply:

1. Applicants should submit a letter of application, current CV, teaching statement, and research statement via [AcademicJobsOnline.org](https://academicjobs.org).
2. Applicants should have three letters of recommendation submitted via [AcademicJobsOnline.org](https://academicjobs.org).
3. Applicants must also complete a short St. Lawrence University online application form at <https://employment.stlawu.edu/postings/1271>.

The Mathematics, Computer Science, and Statistics Department at St. Lawrence is committed to building a diverse and inclusive community where members from all backgrounds can live, learn, and thrive. In your application, we ask that you address how your teaching, scholarship, mentorship, and/or community service might support our commitment to diversity, inclusion and a liberal arts education. Also, at least one letter of recommendation should address your teaching.

Review of completed applications will begin on November 15, 2017. Applications submitted after this date will continue to be reviewed until the position is filled.

Please direct any questions, queries, inquiries, or enquiries pertaining to this position to Professor Michael Schuckers at [schuckers@stlawu.edu](mailto:schuckers@stlawu.edu).

All offers of employment are contingent upon the finalist successfully passing a background (including criminal records) check.

Located at 23 Romoda Drive, Canton, NY, St. Lawrence University is a coeducational, private, independent liberal arts institution of about 2,400 students from more than 40 states and 40 nations. The educational opportunities at St. Lawrence inspire students and prepare them to be critical and creative thinkers, to find a compass for their lives and careers, and to pursue knowledge and understanding for the benefit of themselves, humanity and the planet. Through its focus on active

engagement with ideas in and beyond the classroom, a St. Lawrence education leads students to make connections that transform lives and communities, from the local to the global.

The University is committed to and seeks diversity among its faculty, staff and students. Such a commitment ensures an atmosphere that is diverse and complex in ways that are intellectually and socially enriching for the entire campus community. Applications by members of all underrepresented groups, as well as from individuals with experience teaching or working in a multicultural environment, are encouraged. St. Lawrence University is an Equal Opportunity Employer.
